EXECUTIVE SUMMARY

MMS Prime is a Bangladesh-based importer, distributor, and market-development company specializing in healthcare products, medical equipment, and cosmetic products. The company also serves as the nationwide distributor and marketer of MEDIRON® medical equipment.

MMS Prime combines nationwide distribution capabilities with multiple market-access channels, including institutional sales, retail and dealer networks, telemarketing, and online sales. This integrated approach connects suppliers and brands with healthcare institutions, professionals, pharmacies, retailers, businesses, and individual consumers across Bangladesh.

For customers and business partners, MMS Prime offers more than product distribution. The company provides market coverage, channel development, product promotion, order coordination, customer communication, and responsive after-sales support through a professionally managed operating structure.

5	3 Yrs	LIFETIME	NATIONWIDE
DGDA-registered medical device categories	Warranty on BP monitors & nebulizer	Warranty on MEDIRON glucose meter	Distribution across Bangladesh

OUR DISTINCTIVE CAPABILITIES

- **Nationwide market coverage** across institutional, retail, dealer, telemarketing, and online channels.
- **Established experience** in importing and distributing healthcare, medical, and cosmetic products.
- **Dedicated representation** and promotional support for MEDIRON® medical equipment.
- **Broad access** to healthcare institutions, pharmacies, retailers, corporate organizations, and consumers.
- **Coordinated operations** across sales, marketing, order processing, and customer support.
- **Careful product selection** based on quality, safety, regulatory, commercial, and market requirements.
- **A customer-focused approach** designed to improve accessibility, responsiveness, and long-term value.

ABOUT MEDIRON®

MEDIRON® is a medical equipment brand offering healthcare monitoring and diagnostic products for home healthcare monitoring and clinical applications. MMS Prime is the nationwide distributor and marketer of MEDIRON® in Bangladesh.

RELIABLE	EASY TO USE	CLEAR DISPLAYS
Accurate measurement and consistent performance.	Convenient operation for every user.	Clear digital displays and readings.

DURABLE
Robust product construction.

USER-FRIENDLY
Design built around real-world use.

PRACTICAL
For healthcare professionals And home users alike.

Where applicable, MEDIRON® products are manufactured in accordance with relevant international quality and regulatory requirements, including ISO 13485, CE Marking, and applicable TÜV certification, according to the specific product and certification scope. Where applicable to the relevant medical devices, the brand is supported by SUNGO Europe B.V., Amsterdam, Netherlands, as its European Authorized Representative.

01 Automatic Blood Pressure Monitors

MEDIRON Advance • MEDIRON Prime — Clinically validated, home & clinic ready

MEDIRON Advance (MEDI 447)

MEDIRON Prime (MEDI-712)

MEDIRON automatic upper-arm blood pressure monitors deliver convenient and reliable blood pressure measurement in clinical and home-care environments. The range is offered in two variants: MEDIRON Advance (MEDI 447) with a clear digital display, and MEDIRON Prime (MEDI-712) with a high-contrast display and colour-coded blood pressure level indicator. Both are backed by a 3-year warranty.

KEY FEATURES

Hypertension indicator helps users interpret each reading at a glance.	**Body movement detection** alerts the user when movement may affect accuracy.
Irregular heartbeat detection flags possible pulse irregularities.	**Last memory** recalls previous readings (Prime adds SET / MEM controls and multi-user memory).
Dual power 4 × AA batteries or Micro-USB cable.	**Clinically validated** CE marked, with a 3-year warranty.

Technical Specification — MEDIRON Advance (MEDI 447)

Specification	Details
Measurement method	Oscillometric method
Pressure range	0 – 280 mmHg
Pulse range	40 – 199 beats/min
Accuracy	Pressure ±3 mmHg; Pulse ±5% of reading
Battery life	Approx. 300 measurements
Power source	4 × AA alkaline (1.5V); Micro-USB (DC 5V / 500mA)
Weight	Approx. 290 g (without batteries)
Unit dimensions	140 (W) × 110 (H) × 81 (L) mm

Specification	Details
Arm cuff size	Arm circumference 23 – 33 cm
Package contents	Main unit, arm cuff, 4 × AA batteries, manual, USB cable, zipper bag
Warranty	3 years (Prime: specification sheet on request)

Regulatory Approval

✔ **DGDA CERTIFICATE OF REGISTRATION (MEDICAL DEVICE)**

Product: Digital Blood Pressure Monitor (Class B)
Reg. No.: 72-9071-2024
Certificate models: KF-65A, KF-65B, KF-65D | 1 pc per box
Technology: Netherlands Technology
Registered representative: MediRight International Ltd, 105/1 Kakrail, Dhaka-1100
Issued: 16 May 2024 | Valid 5 years from issue

02 Blood Glucose Meter

MEDIRON Excellent Blood Glucose Meter — Accurate result in 5 seconds

Retail pack

MEDIRON meter

The MEDIRON Blood Glucose Monitoring System supports regular monitoring and diabetes-care requirements with European-designed technology. It needs an ultra-low 0.8 µl blood sample, requires no manual coding, and is complemented by a lifetime warranty.

KEY FEATURES

Fast results 5-second test time.	**Ultra-low sample** only 0.8 µl of blood.
512-test memory with 7, 14 and 28-day averaging.	**Switchable units** mmol/L and mg/dL.
Light indicator & strip ejection for easy, hygienic handling.	**AC/PC market** flags before-meal and after-meal readings.

Technical Specification

Specification	Details
Enzyme	GOD (Glucose Oxidase)
ISO compliance	ISO 15197:2015
Display	LCD
Blood sample	0.8 µl
Measurement time	5 seconds
Measurement range	1.1 – 33.3 mmol/L
Memory capacity	512 tests
Averaging (days)	7, 14, 28
Unit of measurement	Switchable (mmol/L & mg/dL)
Product size	83.9 × 55.3 × 16.1 mm
Battery / auto-off	1 × button battery / 3 minutes
Kit contents	Case, meter, lancing device, strips, lancets, manual

Specification	Details
Warranty	Lifetime

Regulatory Approval

✔ **DGDA CERTIFICATE OF REGISTRATION (MEDICAL DEVICE)**

Product: Mediron Blood Glucose Monitoring System (Class C)
Reg. No.: 72-8880-2024
Certificate model: KF-A08 | 1 pc per box
Technology: Netherlands Technology
Registered representative: MediRight International Ltd, 105/1 Kakrail, Dhaka-1100
Issued: 22 Feb 2024 | Valid 5 years from issue

03 Blood Glucose Test Strips

Electrochemical biosensor strips for MEDIRON meters — 50 and 100 strip packs

50 strips (self-testing)

50 strips (25 × 2 vials)

100 strips (50 × 2 vials)

MEDIRON Blood Glucose Test Strips are used with the compatible MEDIRON glucose meter to measure blood sugar levels. Using electrochemical biosensor technology, they deliver fast and accurate results from a small capillary blood sample, helping patients monitor and manage their glucose levels with confidence.

KEY FEATURES

Auto-coded no manual coding required.	**5-second result** fast and accurate.
Small sample fresh capillary whole blood.	**Flexible pack sizes** 25 × 2 (50) and 50 × 2 (100) vials.

TECHNICAL SPECIFICATION

Specification	Details
Test type	Blood glucose monitoring
Technology	Electrochemical biosensor
Sample type	Fresh capillary whole blood (small sample)
Compatibility	MEDIRON Blood Glucose Meter only
Measurement unit	mg/dL
Test time	Within 5 seconds
Calibration	Auto-coded / no manual coding
Pack sizes	50 strips (2 vials of 25); 100 strips (2 vials of 50)
Certification	CE certified
Storage	Cool, dry place — do not refrigerate

Regulatory Approval

✔ DGDA CERTIFICATE OF REGISTRATION (MEDICAL DEVICE)

Product: Mediron Blood Glucose Test Strips (Class C)
Reg. No.: 72-8881-2024
Certificate models: KF-A01, KF-A01-C
Pack sizes: 25×2 = 50; 50×2 = 100; 50 single foil strips
Technology: Netherlands Technology
Registered representative: MediRight International Ltd, 105/1 Kakrail, Dhaka-1100
Issued: 22 Feb 2024 | Valid 5 years from issue

04 Blood Lancets — Twist Type

Sterile, single-use 31G lancets for gentle, safe blood sampling

MEDIRON Blood Lancets, 100 pcs, 31G

MEDIRON Twist-Type Blood Lancets are sterile, single-use devices designed to make a small puncture in the fingertip for blood sampling. Commonly used for glucose testing, they use a medical-grade stainless steel needle and a protective twist-off cap to minimize pain and skin trauma.

KEY FEATURES

Fine 31G needle minimizes pain and skin trauma.	**Protective twist-off cap** keeps the needle sterile until use.
Universal fit compatible with most standard lancing devices.	**Versatile use** home, clinic, hospital and diagnostic centre.

TECHNICAL SPECIFICATION

Specification	Details
Type	Twist type
Gauge size	31G
Sterilization	Sterilized (single use)
Material	Medical-grade stainless steel needle
Usage	Blood sampling for glucose testing
Compatibility	Most standard lancing devices
Certification	CE 0197
Quantity per box	100 pcs
Packaging	Box packed, hygienic and sealed

Regulatory Approval

✔ DGDA CERTIFICATE OF REGISTRATION (MEDICAL DEVICE)

Product: Mediron Blood Lancet (Class B)
Reg. No.: 72-8840-2023
Certificate models: 30G, 31G, 32G | 50 & 100 pcs per box
Technology: Netherlands Technology
Registered representative: MediRight International Ltd, 105/1 Kakrail, Dhaka-1100
Validity: 5 years from issue

05 Compressor Nebulizer

MEDIRON MED-1240 — Powerful piston compressor, quiet and portable

MEDIRON Compressor Nebulizer (MED-1240)

The MEDIRON Compressor Nebulizer converts liquid medication into a fine mist for inhalation. It is commonly used to deliver respiratory medicines to patients with asthma, COPD, and other breathing conditions, and is backed by a 3-year warranty.

KEY FEATURES

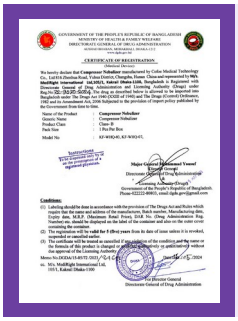

- **Strong air flow** powerful piston compressor.
- **Low noise** sound level ≤ 65 dB(A).
- **Easy operation** easy handle and cleaning, simple for home use.
- **Portable** compact 1.5 kg unit with built-in nebulizer holder.

TECHNICAL SPECIFICATION

Specification	Details
Model	MED-1240
Liter flow range	≥ 5 L/min
Average nebulization rate	≥ 0.25 mL/min
Sound level	≤ 65 dB(A)
Particle size	3 µm ± 25%
Operating humidity	15 – 80% RH
Operating pressure	9 – 21 psi
Compressor pressure	30 – 45 psi
Product size	276 × 174.5 × 121 mm
Unit weight	1.5 kg
Use life	5 years

Specification	Details
Warranty	3 years

Regulatory Approval

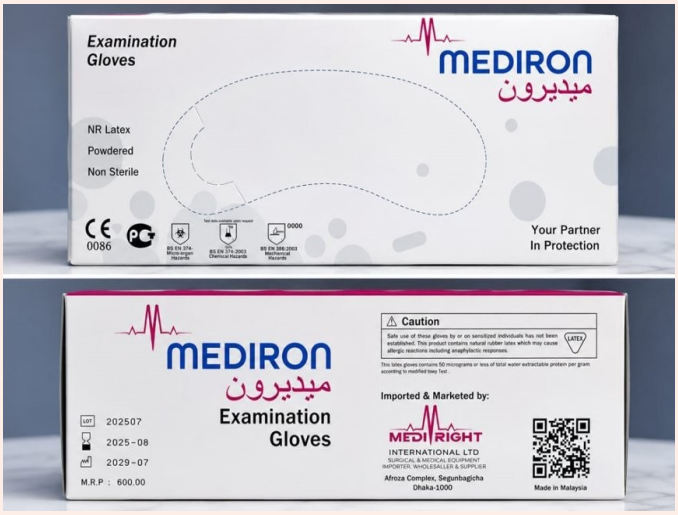

✔ **DGDA CERTIFICATE OF REGISTRATION (MEDICAL DEVICE)**

Product: Compressor Nebulizer (Class B)
Reg. No.: 72-9070-2024
Certificate models: KF-WHQ-03, KF-WHQ-07 | 1 pc per box
Technology: Netherlands Technology
Registered representative: MediRight International Ltd, 105/1 Kakrail, Dhaka-1100
Issued: 16 May 2024 | Valid 5 years from issue

06 Examination Gloves

MEDIRON — Your Partner in Protection

MEDIRON Examination Gloves — front and side of pack

MEDIRON Examination Gloves are disposable gloves that provide a protective barrier during medical examinations and routine healthcare procedures. They help reduce the risk of contamination and protect both healthcare workers and patients.

KEY FEATURES

- **Natural rubber (NR) latex** flexible, comfortable fit.
- **CE 0086 marked** with EN 374 (micro-organism, chemical) and EN 388 (mechanical) pictograms.
- **Clear labelling** batch, manufacturing and expiry dates printed on the pack.

Technical Specification

Specification	Details
Product	Examination gloves
Material	NR latex
Finish	Powdered
Sterility	Non-sterile

Specification	Details
Certification marks	CE 0086; BS EN 374; BS EN 388:2003
Country of origin	Malaysia
Caution	Contains natural rubber latex — may cause allergic reactions in sensitized individuals

07 EXTENDED PORTFOLIO

Thermometers • Monitoring equipment • Healthcare • Cosmetics & personal care

MEDICAL THERMOMETERS

Digital medical thermometers designed to measure body temperature accurately and provide fast, convenient, and user-friendly temperature monitoring. Commonly used in hospitals, clinics, and homes to detect fever and monitor temperature.

OTHER MEDICAL MONITORING EQUIPMENT

A growing range of healthcare and medical monitoring products selected to meet the requirements of healthcare professionals, institutions, retailers, and individual users.

HEALTHCARE PRODUCTS

Products selected to support personal wellness, home care, institutional requirements, and everyday health-management needs.

COSMETICS & PERSONAL CARE

Nationwide marketing and distribution of premium, authentic, and quality-certified cosmetic and personal care products, carefully selected from renowned international brands and established manufacturers, with emphasis on authenticity, quality, safety, and customer satisfaction.

The cosmetics portfolio primarily features natural and premium beauty and personal care products sourced from leading markets, including Thailand, South Korea, the United States, and the United Kingdom.

Authentic Products • International Quality • Trusted Brands • Nationwide Distribution

QUALITY, COMPLIANCE & CERTIFICATION

MMS Prime selects and promotes products with close attention to applicable quality, safety, and regulatory requirements. The core MEDIRON® medical devices are registered with the Directorate General of Drug Administration (DGDA), Ministry of Health & Family Welfare, Government of the People's Republic of Bangladesh, under the Drugs Act 1940 and the Drugs (Control) Ordinance 1982. Each registration is valid for five years from the date of issue.

INTERNATIONAL QUALITY FRAMEWORK

ISO 13485:
where applicable, manufactured in accordance with ISO 13485 quality-management requirements.

CE Marking:
on applicable devices (e.g., CE 0123 on monitors, CE 0197 on lancets, CE 0086 on gloves).

ISO 15197:2015:
blood glucose meter conforms to ISO 15197:2015 accuracy requirements.

EC REP:
SUNGO Europe B.V., Olympisch Stadion 24, 1076 DE Amsterdam, Netherlands, where applicable.

TÜV:
applicable TÜV certification, according to the specific product and certification scope.

DISTRIBUTION & MARKET REACH

As an importer, distributor, and nationwide marketer, MMS Prime builds and maintains an efficient distribution network throughout Bangladesh. Market-development activities cover:

Healthcare Institutions	Hospitals, clinics, diagnostic centers, pharmacies, healthcare organizations, and other medical institutions.
Pharmacy & Retail Network	Pharmacies, medical stores, healthcare retailers, cosmetic retailers, authorized dealers, and distribution partners.
Corporate & Institutional Clients	Organizations, industrial facilities, corporate healthcare programs, educational institutions, government and non-government organizations, and institutional buyers.
Home Healthcare Market	Consumers and families seeking convenient medical monitoring, healthcare, personal-care, and cosmetic products for everyday use.
Telemarketing & Online Sales	Dedicated telemarketing and online sales units supporting product promotion, customer communication, order processing, and market coverage throughout Bangladesh.

OUR COMMITMENT

We believe healthcare, medical, and cosmetic products should combine quality, reliability, accessibility, and responsible customer support.

- **Import and distribute quality** healthcare, medical, and cosmetic products in Bangladesh.
- **Promote reliable** medical equipment and healthcare solutions.
- **Develop and maintain** an efficient nationwide distribution network.
- **Expand market access** through retail, institutional, telemarketing, and online channels.
- **Maintain professional relationships** with clients, dealers, retailers, and business partners.
- **Provide appropriate** product information and user guidance.
- **Support customers** with responsive after-sales service.
- **Build long-term partnerships** with healthcare institutions and commercial organizations.
- **Conduct business responsibly** and in accordance with applicable requirements.

WHY PARTNER WITH MMS PRIME?

01 NATIONWIDE MARKET ACCESS
A broad and growing network of institutions, pharmacies, retailers, dealers, corporates, and consumers across Bangladesh.

02 INTEGRATED SALES CHANNELS
Institutional sales, retail distribution, dealer networks, telemarketing, and online sales for wider availability.

03 LOCAL MARKET KNOWLEDGE
Practical understanding of Bangladesh's healthcare, medical-equipment, personal-care, and cosmetic markets.

04 PROFESSIONAL BRAND REPRESENTATION
Structured marketing and market-representation support for MEDIRON® and other selected product lines.

05 END-TO-END COMMERCIAL SUPPORT
Import coordination, product introduction, order processing, distribution, and after-sales support.

06 FASTER, CONVENIENT CUSTOMER ACCESS
Distribution, telemarketing, and online capabilities help customers find and purchase products easily.

07 QUALITY & COMPLIANCE FOCUS
DGDA-registered devices and products selected with attention to quality, safety, and regulatory requirements.

08 RESPONSIVE SERVICE
Clear communication, timely order coordination, product information, and practical follow-through.

09 SCALABLE PARTNERSHIPS
Institutional supply, retail distribution, dealer development, corporate programs, campaigns, and online sales.

10 LONG-TERM BUSINESS FOCUS
Sustainable relationships built on reliability, transparency, service quality, and mutual growth.

VISION & MISSION

OUR VISION

To build a trusted and professionally managed healthcare, medical equipment, and cosmetic distribution platform in Bangladesh by making quality products more accessible to people, healthcare professionals, institutions, and businesses.

OUR MISSION

To import, distribute, and market reliable healthcare, medical equipment, and cosmetic products through professional service, responsible business practices, integrated sales channels, and a strong nationwide network.
